

PROACTIVE ACCOUNTANTS NETWORK

The Proactive Accountants Network is the standard of excellence in the Accounting Profession. We have been accepted into the Network because of our proactive implementation, commitment and accountability for providing a high standard of accounting services to the community. Passing the training, qualification and approval process for accreditation into the Network means that, at the very least, we fulfil the following criteria:

- Operating at an overall high level of performance
- Demonstrate that we are already proactive
- Show documented client visits
- Have a sharp brand, image and marketing
- Have a proven track record of implementation
- Be committed to leading our clients

Proactive Accountants Network was established to give more back to the accounting and business communities and, as such, the ultimate goal of PAN is focused on helping us (Accountants) and you (our clients) dramatically improve our financial situations by offering 5 key benefits:

1. Differentiation
2. Marketing
3. Unique tools
4. Network Connectivity
5. Training

As Proactive Accountants Network members, we rank amongst the best Accounting firms in the industry and in turn represent excellence across all business aspects.
